

AT91F_SSC_Configure

AT91F_US_Configure

AT91F_PDC_Open

```
graph LR; A[AT91F_SSC_Configure] --> C[AT91F_PDC_Open]; B[AT91F_US_Configure] --> C;
```

The diagram illustrates a functional dependency. Two white rectangular boxes on the left, labeled 'AT91F_SSC_Configure' and 'AT91F_US_Configure', have blue arrows pointing to a single gray rectangular box on the right labeled 'AT91F_PDC_Open'. This indicates that both configuration functions are prerequisites for the PDC Open operation.
