

xPortStartScheduler

```
graph LR; A[xPortStartScheduler] --> B[prvSetupTimerInterrupt]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'xPortStartScheduler'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'prvSetupTimerInterrupt'. Both boxes have a thin black border.

prvSetupTimerInterrupt
