

_AT91S_PWMC_CH

```
graph BT; A[_AT91S_PWMC] -.-> B[_AT91S_PWMC_CH];
```

The diagram illustrates a pointer relationship between two memory locations. At the bottom, a grey rectangular box contains the text `_AT91S_PWMC`. A dashed purple arrow points vertically upwards from this box to a white rectangular box at the top, which contains the text `_AT91S_PWMC_CH`. To the right of the arrow, the text `PWMC_CH` is displayed in a light grey font, indicating the specific field or offset being pointed to.
